

JEYES FLUID

CONTENTS: Tar Oils (60-70%) Vegetable Oil Soap (10-15%).

GENERAL DISINFECTION

DRAINS, DUSTBINS

● APPLICATION: 50ml per litre of water. This solution disinfects as it cleans, removing germ-laden grease and dirt. (Do not use on plastic) ● TIMING: When necessary, particularly during hot spells.

CLEANING MOSS, FUNGI AND ALGAE FROM PATHS ETC

● APPLICATION: 150ml per 5 litres of water. (For tarmac areas and bituminous felt roofs use 50ml per 5 litres of water and repeat treatment after two weeks) ● TIMING: When necessary.

PATIOS, YARDS, OUTSIDE TOILETS, OUTHOUSES

● APPLICATION: 10ml per 5 litres of water. ● TIMING: When necessary.

KENNELS, PIGEON LOFTS, HUTCHES

● APPLICATION: After cleaning out, spray or wash down with a solution of 65ml per 5 litres of water. (Ensure premises are dry and no pools of solution are left before returning bedding material and animals) ● TIMING: When necessary.

PROTECTION FOR WOODEN FENCES, STAKES, ETC

● APPLICATION: Brush on neat. ● TIMING: When necessary.

STERILISATION

SOIL STERILISATION

● APPLICATION: Fork or rake into the soil 12ml per 5 litres of water, at 10 litres per square metre. Do not plant until at least 6 weeks after sterilisation. ● TIMING: Any time when no plants are present.

POTTING SOIL

● APPLICATION: Saturate 10cm layers of soil with 50ml per 5 litres of water. Leave covered for one week, then uncover and turn soil. Do not plant until at least 6 weeks after treatment. ● TIMING: Any convenient time.

GREENHOUSES

● APPLICATION: Remove all plants and then wash down all glass, glazing bars and shelving with 35ml per 5 litres of water. Ventilate and allow to dry before reintroducing plants. (Jeyes Fluid can discolour paintwork, test solution on a small area prior to use) ● TIMING: Annually at any convenient time.

FRAMES, CLOCHES, SEED BOXES

● APPLICATION: Wash frames and seed boxes and wipe cloches with 15ml per 5 litres of water. (Do not use on polystyrene) ● TIMING: Annually at any convenient time.

CONTROLLING PESTS

WINTER WASH ON FRUIT TREES (i.e. Apple, Pear, Plum, Damson)

● APPLICATION: Spray to run off with 70ml Jeyes Fluid per 1 litre of water. ● TIMING: Dormant season only.

FRUIT BUSHES (i.e. Gooseberry, Blackcurrant, Redcurrant, Raspberry and Blackberry)

● APPLICATION: Spray to run off with 35ml Jeyes Fluid per 1 litre of water. ● TIMING: Dormant season only.

PREVENTING INFECTION

BLACK SPOT ON ROSES

● APPLICATION: Spray to run off with 100ml Jeyes Fluid per 5 litres of water. ● TIMING: Dormant season only.

PAINT BRUSHES

CLEANING PAINT BRUSHES

● APPLICATION: Immerse in neat Jeyes Fluid for a few days, then rinse in warm soapy water. ● TIMING: When necessary.
